

August 3, 2020

Good afternoon Mark,

I hope you are well, and that you are having a great summer.

Beth Meade sent me your contact information as the Eagles for Children representative at Red Run Golf Club and I had intended to reach out to you earlier, before life as we all know it changed so dramatically. I know that she'll send you this report separately, but I wanted to contact you myself to thank you directly for your support.

We could not be more grateful to your members for the generous gift that Children's Leukemia Foundation of Michigan received from Red Run through the Eagles for Children program.

I had hoped to visit your committee and with one of our families to thank you in person, and to allow you to hear directly from them, how appreciative they are for the programs that you support.

Unfortunately, Covid 19 has changed so many things for our families. Due to the compromised nature of their immune systems, we are not asking them to make physical visits on our behalf at this time.

Our solution has been the attached letter and report, with a story and some pictures of one of our patients. Your support has been more helpful than ever in keeping families getting to their appointments, ensuring that medication expenses are covered and emergency needs met. You're truly helping families of pediatric patients affected by blood cancer to keep their heads above water and remain resilient in the face of yet another disaster.

I am wondering if beyond the grant report, there might be another way for us to help connect your committee to the work that you're ensuring.

We very much appreciate the support from the Eagles for Children program, and the assistance it has provided to many of our families. We truly can't provide the support that we do without the leadership that you provide.

Be well!

**Kind regards,**  
**Heidi Grix, CFRE**  
**President & CEO**
